PROJECTS

ACME Website Template Project

Aug 2022

Languages: HTML, CSS, JavaScript **Link:** chrisdev22.github.io/ACME/

- Fully developed the front-end of a website by integrating different libraries from Javascript and adding features, such as buttons, text boxes, and forms, to create an appealing website layout

Crusaders Responsive Design Project

Jun 2022

Languages: HTML, CSS, JavaScript, Bootstrap, Popperjs, Font Awesome **Link:** chrisdev22.github.io/Crusaders/

- Developed and designed a mock website by researching user needs for SaaS (Software as a Service)
- Led a team of 5 to create a new procedure by integrating an Apple API, which cut our beta testing phase by 12%

Lamp Text Editor

May 2022

Languages: HTML, CSS, JavaScript **Link:** chrisdev22.github.io/LampTE/

- Pioneered comprehensive text editor that identifies user input to perform text analysis
- Streamlined research of input data to calculate number of characters, words, and punctuation used by users

Grade Data Models

Apr 2022

Languages: HTML, CSS, JavaScript **Link:** chrisdev22.github.io/Grade-Data-Models/

- Strengthened detailed system database input data to calculate assignments completed by students

WORK EXPERIENCE

Amazon, Greenwood IN

April 2020 – August 2022

Fulfillment Associate Tier 1

- Identify inefficiencies and update shipment label box processes to sideline them for quality control, improving productivity to 95% during peak season by real-time sortation
- Trained 35 employees for the RC Sort Department

Lowe's Home Improvement, Indianapolis IN

February 2019 – April 2020

Customer Service Representative

- Awarded Employee of the Month in May 2019 for receiving a 94% positive rating via customer surveys
- Trained 5 employees on customer service, emotional intelligence, communication, and presentations
